

Child and Adolescent Health Center Program Expansion RFPs CAHCE-2022 and E3E-2022

Pre-application Conference

March 17, 2022

Healthy children make better learners!

Bringing health care to schools for student success.

Purpose of the CAHC Program

The CAHC programs provide a safe and caring place for children and adolescents to learn positive health behaviors, prevent diseases, and receive needed medical and mental health care and support, resulting in healthy youth who are ready and able to learn and become educated, productive adults.

The CAHC program supports school-based or school-linked programs that serve children and adolescents between ages 5 and 21 years.*

Program models include **Child and Adolescent Health Centers, School Wellness Programs, and Expanding, Enhancing Emotional Health (E3)**

* or students receiving special education services up to 26 years of age.
